An emergency is sudden and unforeseen damage to your plumbing, drains, wires or water supply pipe which immediately a) exposes a risk to your health; b) creates a risk of loss or damage to the property; or c) makes the building uninhabitable. Who is eligible to apply?

All homeowners are eligible to apply, except where the property is a flat, mobile home, bedsit, in multiple occupancy or is used for commercial purposes. Council or Housing Association tenants will not need this service.

When will I be covered?

Your policy starts the day your application is processed. To prevent claims on pre-existing problems and to keep premiums low, in the first year of your policy there is an initial period of 14 days during which you will not be covered for any new elements of the policy, giving you 11 and a half months' cover in your first year on the new elements of your cover.
